Daytrip by road book; passing "Le lac de la Gileppe", "Baraque Michel", Robertville, taking a free stop in the brand new "Hôtel de la Source" in Francorchamps (where for the moment a nice Elise makes part of the decoration near the piano in the magnificent lobby), to arrive at Stavelot. In Stavelot we have the key of the private parking of the abbey, we will take a little satisfied lunch in the restored old cellars, walking by the red carpet to enter directly in the small amusing car-museum and visit the rest of the abbey. Practically for sure we will meet some 40 cars of the years 60-70, a group of diplomats and ambassadors of the organisation "Trajectoire" coming from the Nürburgring...and so on...and so on...

Back to the hotel by the unbelievable nice roads of the province of Liège.

Saturday-appetiser, three-course-menu, happy time.
